

You have 2 seconds...what will you say?

Studies say people judge a person within just two seconds. That does not give much time for an explanation, or to charm them with your great personality.

So... you might ask yourself what are you saying in those two allotted seconds?

Unsure?

Do you know how to communicate what you mean?

Let the experts at Trel help you determine your best message, and show you how to say it.

## About Heather

Owner Heather Allen created Trel Style Consulting as a solution for those who find themselves confused by all the rules of our image conscious society. Not only, are we asked to dress in garments to fit our shape, natural coloring, and flatter our face but we are also asked to present ourselves with style and personality. Given all the requirements many people find themselves confused and discouraged, That is why Heather took the time to educate herself in style, image and fashion to individuals customized approach to creating their best look.

Heather was trained at some of the top schools in the country regarding Image Consulting and Fashion Design. Her image training includes The Fashion Institute of Technology, Parsons, and she is a recent graduate of the London Image Institute. Coupled with years in the fashion industry she has achieved a level of expert in the style world. Put Heather's knowledge to use to develop your best style.

## Recent Client Testimonial:

*Hey Heather thanks again for the consultation, it really helped me alot. I replaced everything I have and definately a big improvement over where I was at! - Josh*

## What to expect

When you decide to take the steps to call a Trel Style Consultant you should expect a caring environment. Your Image Consultant is trained to hear you and furthermore assist you in achieving your goals.

Given the nature of our work we can assist you in areas from clothing, to body language, to voice tone, to appropriateness of dress in particular situations.

The journey of transforming yourself can be challenging, but the results are incredibly worthwhile. The approach Trel takes will be specific to your needs and offer you a more direct path to your desired outcome.
